

Cohousing Reinvents Retirement

Tuesday, November 19 Presentation

We are rejecting old retirement models, choosing to:

- ✓ Live in **intentional communities** of friends and neighbours
- ✓ Have neighbours who are **caring, positive adults**
- ✓ Have **private residences**, but **share** common spaces
- ✓ Create a **dynamic, vital neighbourhood**
- ✓ **Walk** to almost everything. Live **sustainably**.

Why is this movement sprouting up all over North America? Hear from two of Canada's professional cohousing community builders who are planning a cohousing community in Parksville.

Event: Gary Morrison & Yonas Jongkind will make a one hour presentation called "**Cohousing Reinvents Retirement**" followed by Q&A.

When: Tuesday, November 19, 6:30pm to 8pm.

Where: Vancouver Island University room 262
100 Jensen Ave East, Parksville (City Hall building).

Cost: Free.
