

Learn about Cohousing in Qualicum Beach

Chuck Durrett, author &
architect, is speaking in QB:
Sunday October 26

Join us to hear Charles Durrett discuss cohousing in QB.

Chuck is the architect and author who brought cohousing to North America. He has designed over fifty cohousing communities and is helping to launch a *new* cohousing community in Qualicum Beach. The presentation will be followed by an (optional) discussion of this new cohousing community. **Everyone welcome to attend and share perspectives on plans and next steps.**

We are rejecting old ways of designing homes, choosing to:

- ✓ Live in **intentional communities** of friends and neighbours
- ✓ Have neighbours who are **caring, positive adults**
- ✓ Recreate a **“village-style” community**
- ✓ Have **private residences**, but share common spaces
- ✓ Walk or bike to almost everything. **Live sustainably**
- ✓ **Welcome all ages**
